

## CALL FOR WORKSHOPS, SPECIAL SESSIONS & TUTORIALS

23rd ICE Conference – IEEE ITMC International Conference

***“Engineering, Technology & Innovation Management Beyond 2020: New Challenges, New Approaches”***

June 27 – 29, 2017

Madeira Island, Portugal

[www.ice-conference.org](http://www.ice-conference.org)

[ice2017\\_chair@uninova.pt](mailto:ice2017_chair@uninova.pt)

Since the beginning, the ICE/IEEE ITM 2017 conference program includes as important part of its program workshops, special sessions and tutorials.

ICE/IEEE ITM 2017 conference is glad to receive proposals for workshops (which can last from 1.5 hours up to an entire day), tracks (2 or more sessions), special sessions (4-5 papers) and tutorials (1.5 hours up to an entire day) focused on the theme of the conference and its relevant topics.

This is a great opportunity for the growing community of researchers, innovators, industrialists and engineers to share their insights practices, projects and case studies that address the conference theme: ***“Engineering, Technology & Innovation Management Beyond 2020: New Challenges, New Approaches”***.

Workshop / special sessions / tutorials proposals, should include the objectives and expected outcome, the planned activities, including publication of papers, the background of the organiser(s) and the anticipated number of participants.

**For a position of larger visibility in the Conference and respective Committee**, please submit your proposal to organize and to be chair for a track of sessions under the scope of one of the major ICE/IEEE ITM 2017 conference areas. One track is constituted by 2 or more sessions in research sub-areas of the track, and will have all its papers published in the digital conference proceedings to be available via IEEE Xplore® (with ISBN Number and DOI for the paper).

Ideas and proposals for workshops, tracks, special sessions or tutorials should be communicated by e-mail as soon as possible. Send your expression of interest to organize a workshop, special session or tutorial NOW to [ice2017\\_chair@uninova.pt](mailto:ice2017_chair@uninova.pt).

### Important Dates

- Workshop, special sessions & tutorial.....~~21<sup>st</sup> March 2017~~ (Extended 15<sup>th</sup> April 2017)

**Topics** (for more detailed information, please visit the ice website: [www.ice-conference.org](http://www.ice-conference.org))

- Living Labs and Open Innovation Ecosystems
- Systems Engineering
- Factories of the Future: Advances in Engineering, Technologies and Innovation
- Information and Communications Technology (ICT)

Organizing Committee:

- Internet of Things (IoT) and Cyber Physical Systems (CPS)
- ICT for Health, Wellbeing and Active Assisted Living (AAL)
- Robotics and Autonomous Systems
- Sustainable Green Engineering
- Crisis and Disaster Management
- Sustainable Technology Management
- Educating Tomorrow's Project Managers, Engineering Managers and Innovation Managers
- Women & STEM (Science, Technology, Engineering and Mathematics)
- Research and Innovation for Creative Industries and Cultural Heritage
- Digital Entrepreneurship & Tech Startups
- Smart Buildings
- Development of PEBs (Positive Energy Blocks) and their integration in Smart Cities
- Smart and Sustainable Cities
- Intelligent Transportation Systems
- Energy Efficiency

Organizing Committee:
